

FCHP Select Care Premium Saver 2000

Benefit Summary

FCHP Select Care network

Fallon Community Health Plan Select Care gives you access to an extensive network of doctors and community-based hospitals throughout Massachusetts. You can be seen at physician practices, community hospitals and medical facilities across our service area, giving you a wide choice of health care providers.

The FCHP difference

With FCHP Select Care Premium Saver 2000, you get everything you need to live a healthy life. This plan features comprehensive medical benefits for lower monthly premiums and slightly higher out-of-pocket expenses compared to our other plans. Your monthly premiums are reduced further through the use of an annual deductible for certain services. In addition, you get:

- **\$0 copayments for routine physical exams** with your primary care physician (internist, family practitioner or pediatrician) or gynecologist for routine physical exams. In addition, well-child visits for your dependent children are covered in full to age 19.
- **Preventive dental services** for the whole family with participating dentists.
- **A fitness reimbursement of up to \$400** for families (\$200 for individual contracts) for healthy activities including town and school sports, Weight Watchers®, gym memberships, yoga and Pilates.
- **Member discounts** on products and services to keep you healthy and features you won't find anywhere else.

How to receive care

Choosing a primary care provider (pcp)

Your relationship with your PCP is very important because he or she will work with FCHP to provide or arrange most of your care. To pick a PCP, just complete the section on your FCHP membership enrollment form.

Obtaining specialty care

When you want to visit a specialist, talk with your PCP first. He or she will help arrange specialty care for you. The following services do not require a referral when you see a provider in your plan's network: routine obstetrics/gynecology care, screening eye exams, behavioral health services and some dental services. For more information on referral procedures for specialty services, consult your FCHP Select Care *Member Handbook/Evidence of Coverage*.

Emergency medical care

Emergency services do not require referral or authorization. When you have an emergency medical condition, you should go to the nearest emergency department or call your local emergency communications system (police, fire department or 911). For more information on emergency benefits and plan procedures for emergency services, consult your FCHP Select Care *Member Handbook/Evidence of Coverage*.

Benefit may vary by employer group.
