* Out-of-pocket maximum applies to inpatient hospital and outpatient surgery copayments combined.

The health care you want. Where you want it. Doctors and hospitals you know and trust.

Whether you're a Basic Option (FCHP Select Care) or Standard Option (FCHP Direct Care) member, you can get care from an extensive network of top doctors and medical facilities, and the freedom to seek specialty treatment at major Boston medical centers if you need to. FCHP may not necessarily have providers in all towns and cities, and some limitations do apply.
