

FCHP Select Care Network heads north

Providers now available in New Hampshire.

At Fallon Community Health Plan, we know it's important for our members to see providers they know and trust, in a location that's convenient. With FCHP Select Care, members have long enjoyed an expansive network of providers across the state of Massachusetts. And now, they have access to an extensive group of providers in southern New Hampshire!

Many people cross borders for work and also to see their favorite doctor. Now, your employees who work in Massachusetts but live in New Hampshire can join FCHP Select Care, and access doctors and hospitals throughout southern New Hampshire. And FCHP Select Care members who live in Massachusetts towns that border New Hampshire can also cross the line to receive their care.

The following New Hampshire hospitals and provider groups now accept FCHP Select Care members:
