- **\$0 copayments for routine physical exams** and other preventive services, including mammograms, cholesterol screenings and immunizations
- **\$0 copayments for routine annual eye exams**
- **Nurse Connect**:- A free 24/7 nurse call line
- **Member discounts** on products and services to keep you healthy and features you won't find anywhere else.

## How to receive care:

This plan provides access to a network that is smaller than FCHP's Select Care provider network. In this plan, members have access to network benefits only from the providers in FCHP Direct Care. Please consult the FCHP Direct Care provider directory; a paper copy can be requested by calling Customer Service at 1-800-868-5200, or visit the provider search tool at [fchp.org](http://fchp.org) to determine which providers are included in FCHP Direct Care.

## Choosing a primary care provider (PCP)

Your relationship with your PCP is very important because he or she will work with FCHP to provide or arrange most of your care. As a member of FCHP Direct Care Premium Saver Basic II, you must select a PCP. To do this, just complete the section on your FCHP membership enrollment form. If you need help choosing a PCP, please visit the "Find a Doctor" tool on [fchp.org](http://fchp.org) or call Customer Service.

## Obtaining specialty care

When you want to visit a specialist, talk with your PCP first. He or she will help arrange specialty care for you. The following services do not require a referral when you see a provider in the FCHP Direct Care network: routine obstetrics/gynecology care, screening eye exams and behavioral health services. For more information on referral procedures for specialty services, consult your FCHP Direct Care *Member Handbook/Evidence of Coverage*.

## Emergency medical care

Emergency services do not require referral or authorization. When you have an emergency medical condition, you should go to the nearest emergency department or call your local emergency communications system (police, fire department or 911). For more information on emergency benefits and plan procedures for emergency services, consult your FCHP Direct Care *Member Handbook/Evidence of Coverage*.

## Plan specifics

### Benefit period

The benefit period, sometimes referred to as a “benefit year,” is the 12-month span of plan coverage, and the time during which the deductible, out-of-pocket maximum and specific benefit maximums accumulate.

Varies by employer

### Out-of-pocket maximum

The out-of-pocket maximum is the total amount of inpatient admissions copayments, same day surgery copayments and coinsurance you are responsible for in a benefit period.
