FCHP Steward Community Care provides access to a network that is smaller than the FCHP Select Care network. In this plan, members have access to network benefits only from the providers in FCHP Steward Community Care. Please consult the FCHP Steward Community Care provider directory—a paper copy can be requested by calling our Customer Service Department at 1-800-868-5200—or visit the provider search tool at fchp.org to determine which providers are included in FCHP Steward Community Care.
