This plan provides access to a network that is smaller than the FCHP Select Care provider network, and includes the tiered provider network called FCHP Tiered Choice. In this plan, members have access to network benefits only from the providers in FCHP Tiered Choice, and may pay different levels of copayments, coinsurance and/or deductibles depending on the tier of the provider delivering a covered service or supply. This plan may make changes to a provider's benefit tier annually on January 1. Please consult the FCHP Tiered Choice provider directory—a paper copy can be requested by calling our Customer Service Department at 1-800-868-5200—or visit the provider search tool at fchp.org to determine which providers are included in FCHP Tiered Choice.
