# FCHP Direct Care Premium Saver 65/35

Benefit Summary—Benefits effective April 1, 2012 and beyond

# The FCHP difference

FCHP Direct Care is a Limited Provider Network. With FCHP Direct Care Premium Saver 65/35, you get everything you need to live a healthy life. This plan features comprehensive medical benefits for lower monthly premiums and slightly higher out-of-pocket expenses compared to our other plans. Your monthly premiums are reduced further through the use of coinsurance for certain services. Plus, you get:

- A fitness reimbursement of up to \$400 for families (\$200 for individual contracts) that can be used for gym memberships at the gym of your choice with no limitations, school and town sports fees, exercise classes, ski lift tickets, and more!
- \$0 copayments for routine physical exams and other preventive services, including mammograms, cholesterol screenings and immunizations
- \$0 copayments for routine annual eye exams
- Nurse Connect: A free 24/7 nurse call line
- Member discounts on products and services to keep you healthy and features you won't find anywhere else.

# How to receive care:

This plan provides access to a network that is smaller than FCHP's Select Care provider network. In this plan, members have access to network benefits only from the providers in FCHP Direct Care. Please consult the FCHP Direct Care provider directory; a paper copy can be requested by calling Customer Service at 1-800-868-5200, or visit the provider search tool at fchp.org to determine which providers are included in FCHP Direct Care.

## Choosing a primary care provider (PCP)

Your relationship with your PCP is very important because he or she will work with FCHP to provide or arrange most of your care. As a member of FCHP Direct Care Premium Saver 65/35, you must select a PCP. To do this, just complete the section on your FCHP membership enrollment form. If you need help choosing a PCP, please visit the "Find a Doctor" tool on fchp.org or call Customer Service.

## Obtaining specialty care

When you want to visit a specialist, talk with your PCP first. He or she will help arrange specialty care for you. The following services do not require a referral when you see a provider in the FCHP Direct Care network: routine obstetrics/gynecology care, screening eye exams and behavioral health services. For more information on referral procedures for specialty services, consult your FCHP Direct Care Member Handbook/Evidence of Coverage.

#### **Emergency medical care**

Emergency services do not require referral or authorization. When you have an emergency medical condition, you should go to the nearest emergency department or call your local emergency communications system (police, fire department or 911). For more information on emergency benefits and plan procedures for emergency services, consult your FCHP Direct Care Member Handbook/Evidence of Coverage.
