# Steward Community Care fallon Premium Saver 65/35

Benefit Summary—Benefits effective April 1, 2012 and beyond

# The FCHP difference

FCHP Steward Community Care is a limited network HMO plan designed in partnership by Fallon Community Health Plan and Steward Health Care. Providing world-class health care where you live, FCHP Steward Community Care includes the benefits and coverage you deserve at an affordable price. It also includes the extras that FCHP members have long enjoyed, including our rich It Fits! fitness benefit, \$0 wellness visits and eye exams, and other valuable member discounts.

### How to receive care:

With FCHP Steward Community Care Premium Saver 65/35, you can choose to get your care from doctors, specialists, hospitals and health care facilities in the FCHP Steward Community Care network. For a complete list of FCHP Steward Community Care providers, visit our Web site at fchp.org/Steward.

#### Choosing a primary care provider (PCP)

Your relationship with your PCP is very important because he or she will work with FCHP to provide or arrange most of your care. As a member of FCHP Steward Community Care Premium Saver 65/35, you must select a PCP. To do this, just complete the section on your FCHP membership enrollment form. If you need help choosing a PCP, you can speak with a member of our Customer Service Department.

#### Obtaining specialty care

When you want to visit a specialist, talk with your PCP first. He or she will help arrange specialty care for you. The following services do not require a referral when you see a provider in the FCHP Steward Community Care network: routine obstetrics/ gynecology care, screening eye exams and behavioral health services. For medically necessary services that are not available at an FCHP Steward Community Care facility, you may receive care at either Brigham and Women's Hospital or Massachusetts General Hospital. For more information on referral procedures for specialty services, consult your FCHP Steward Community Care Member Handbook/Evidence of Coverage.

#### **Emergency medical care**

Emergency services do not require referral or authorization. When you have an emergency medical condition, you should go to the nearest emergency department or call your local emergency communications system (police, fire department or 911). For more information on emergency benefits and plan procedures for emergency services, consult your FCHP Steward Community Care Member Handbook/Evidence of Coverage.

FCHP Steward Community Care provides access to a network that is smaller than FCHP Select Care. In this plan, members have access to network benefits only from the providers in FCHP Steward Community Care. Please consult the FCHP Steward Community Care provider directory—a paper copy can be requested by calling our Customer Service Department at 1-800-868-5200—or visit the provider search tool at fchp.org to determine which providers are included in FCHP Steward Community Care.
