

POSTCARD DESIGN-

DRAWING & WRITING EXERCISE

Create a postcard on an index card that includes a picture and a title about a special place that is fun to walk. After thinking about what to draw on the front of your postcard, think of a short phrase such as "Walking Worcester's Elm Park" to write on the front of the postcard that will catch the reader's eye. On the other side of the card write a short message about that particular area. It could be a letter or perhaps even a poem. Have fun with it!
