FCHP pharmacy prior authorization form (page 2) Celebrex (celecoxib) Clinical Information Worksheet

Please fax the completed FCHP pharmacy prior authorization form (page 1) and clinical information worksheet (page 2) to **1-508-791-5101**.

Some FCHP preferred formulary alternates:

Choline Mag Trisal	Flurbiprofen	Ketoprofen	Salsalate
Diclofenac	Ibuprofen	Naproxen	Sulindac
Etodolac	Indomethacin	Piroxicam	Tolmetin

*If a formulary alternate is acceptable, please do **not** complete this PA form. Please forward a new prescription for the formulary alternate to the patient's pharmacy. Otherwise, please complete the information requested below.*

Member _____ DOB _____ FCHP ID# _____

- Please forward clinical notes from the patient's medical records documenting previously tried medication, reason for discontinuation of previously tried medication, and documentation of diagnosis (including any applicable labs and /or tests). This is required information.
- Please complete the clinical information requested below as completely as possible.
 - Because COX-2 agents are no more effective than traditional NSAIDs, we reserve their use for patients who have failed at least 3 NSAIDs, or for patients with a history of gastritis, esophagitis, PUD, or GI bleed or for patients currently on warfarin.
 - Does the patient have a documented history of GI bleed, peptic ulcer disease, or NSAID-induced gastritis? Yes No
 - Is the patient currently taking warfarin or chronic corticosteroids? Yes No
 - Does the patient have a comorbid disease state which predisposes the patient to GI bleed? Yes No
If yes, please indicate condition: _____
 - If patient has NSAID-induced GI upset, it is suggested that OTC H2 blockers or OTC PPIs be used with a traditional NSAID to alleviate upset. Has this been tried? Yes No
 - Has the patient tried any of the above formulary medications? Yes No
If yes, please check those that have been tried. If not listed, please indicate what medications have been used: _____
 - Is there any reason why one of the formulary medications could not be used? (Please explain):

- Other information: _____
