B. Background Information about NaviCare’s Network Providers

B1. Key terms
This section explains key terms you’ll see in our Directory.

• Providers are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. Services include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment, and other services.
  
o The term providers includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may see as a NaviCare member.

o Providers that are a part of our plan’s network are called network providers.

• Network providers have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you see a network provider, you usually pay nothing for covered services.

• A Primary Care Provider (PCP) is a physician, nurse practitioner or physician assistant who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need to see a specialist or other provider.

(This section is continued on the next page).
• **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  
  o Oncologists care for patients with cancer.
  o Cardiologists care for patients with heart conditions.
  o Orthopedists care for patients with certain bone, joint, or muscle conditions.

• You may need a **referral** or **prior authorization** to see a specialist or someone that is not your PCP. A referral means that your network PCP must give you approval before you can see the other provider. A **prior authorization** is different than a referral. It means that NaviCare (not your network PCP) must give you approval before we will cover a specific service, item, or drug or an out-of-network provider. If you don’t get a referral or prior authorization, NaviCare may not cover the service, item, or drug.
  
  o Referrals or prior authorization are not needed for:
    
    - Emergency care;
    - Urgently needed care;
    - Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan’s service area; or
    - Services from a women’s health specialist.

  o Additionally, if you are eligible to get services from Indian health providers, you may see these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan’s network.

  o More information on referrals and prior authorization is available in Chapter 3 of the Evidence of Coverage.

• You will also be assigned a **Care Team**. Your **Care Team** includes a Navigator and Nurse Case Manager or Advanced Practitioner who are assigned to you. Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your Care Team may include:

A Navigator that helps you manage your medical providers and services. The Navigator works with you to create a plan, which becomes the blueprint for your care. The Navigator will also help identify any changes in your health and recommend action before a small concern becomes a potentially serious health risk.

Your Primary Care Provider

A Nurse Case Manager that teaches you about your medications and conditions.

Geriatric Support Services Coordinator (GSSC) to help you find and access support services available to you in the community. The GSSC is based out of your local Aging Services Access Point (ASAP). The ASAPs are listed on pages 1395 of this Directory. (Both the Navigator and GSSC may work as a part of your Care Team to make sure you get the care you need.)

Your Care Team will also help you find other providers of medical, behavioral health, or long-term services and supports (LTSS) if you need to see a specialist or other health care provider. That way, you will see the right provider to help you with your concerns. If there is someone you would like to include in your Care Team, please inform your Navigator.

B2. How to choose a Primary Care Provider (PCP)

First, you will need to choose a Primary Care Provider. You can choose any PCP in our network who is accepting new members.

Our plan's PCPs are affiliated with medical groups. When you choose your PCP, you are also choosing the affiliated medical group. This means that your PCP will be referring you to specialists and services that are also affiliated with his or her medical group.

- If there is a particular specialist or hospital that you want to use, it is important to see if they are affiliated with your PCP's medical group. You can look in this Directory, or ask NaviCare Enrollee Services to check to see if the PCP you want makes referrals to that specialist or uses that hospital.
- If you don't stay within your PCP's medical group, NaviCare may not cover the service.

To choose a PCP, go to the list of providers on page 1 and choose a provider:

- that you use now, or
- who has been recommended by someone you trust, or whose offices are easy for you to get to.

(This section is continued on the next page).

If you have questions, please call NaviCare at 1-877-700-6996 (TRS 711), 8 a.m.–8 p.m., Monday–Friday (Oct. 1–March 31, seven days a week). The call is free. For more information, visit fallonhealth.org/avicare.
• If you do not choose a PCP in our network, NaviCare will choose one for you.

• If you want help in choosing a PCP, please call Enrollee Services at 1-877-700-6996 (TRS 711), 8 a.m.–8 p.m., Monday–Friday (Oct. 1–March 31, seven days a week). The call is free. Or, visit fallonhealth.org/navicare.

• If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Enrollee Services and ask before you get the service or care.

B3. Long-term services and supports (LTSS) providers

As a NaviCare member, you will be able to get long-term services and supports (LTSS) if you need them, such as Adult Day Health which provides meals, supervision and assistance with medications, personal care and socialization through organized activities, and Adult Foster Care which pays for personal care services for members who qualify for a nursing home level of care.

Other long-term services and supports include Group Adult Foster Care, Home Health Agency, Licensed Home Health Care, Certified Home Health Agency, Non-Emergent Transportation, Non-Medical Transportation, Aging Services Access Points, Personal Care Management, Independent Living Centers and Fiscal Intermediaries. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS, your Care Coordinator or Geriatric Support Services Coordinator can help you and your Care Team determine what options are available to support you in the way you want.

B4. How to access NaviCare’s network providers

You may need a referral to see someone who is not a Primary Care Provider. There is more information about referrals in Section B1 of this Directory on page v.

You must get all of your covered services from providers within our network that are affiliated with your PCP’s medical group. If you go to providers who are not in NaviCare’s network and are not affiliated with your PCP’s medical group (without prior authorization or approval from us), you will have to pay the bill.

A prior authorization is an approval from NaviCare to seek services outside of our network or to get services not routinely covered by our network before you get the services.

(This section is continued on the next page).

If you have questions, please call NaviCare at 1-877-700-6996 (TRS 711), 8 a.m.–8 p.m., Monday–Friday (Oct. 1–March 31, seven days a week). The call is free. For more information, visit fallonhealth.org/navicare.
The only exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan or your PCP’s medical group for other non-emergency services if NaviCare gives you permission first.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. For some providers, you may need a referral from your PCP. You may change your PCP by calling our Enrollee Services Department at 1-877-700-6996 (TRS 711) 8 a.m.–8 p.m., Monday–Friday (Oct. 1–March 31, seven days a week), or by going online to fallonhealth.org/avicare (click on “Benefits and services” and log in to myFallon).

- Remember, our plan’s PCPs are affiliated with medical groups. If you change your PCP, you may also be changing medical groups. When you ask for the change, be sure to tell Enrollee Services if you are seeing a specialist or getting other covered services that require PCP approval. Enrollee Services will help make sure that you can continue your specialty care and other services when you change your PCP.

- NaviCare works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.

- If you need to see a provider and are not sure if they offer the accommodations you need, NaviCare can help you. Talk to your Navigator for assistance.

If you have questions, please call NaviCare at 1-877-700-6996 (TRS 711), 8 a.m.–8 p.m., Monday–Friday (Oct. 1–March 31, seven days a week). The call is free. For more information, visit fallonhealth.org/avicare.
C. NaviCare’s List of Network Providers

This part of the Directory includes a list of NaviCare’s network providers who participate in and accept NaviCare. It contains:

- **Health care professionals** including primary care providers, specialists, behavioral health providers, dental service providers, and vision service providers;
- **Facilities** including hospitals, nursing facilities, and behavioral health facilities; and
- **Support providers** including long-term services and supports (LTSS) (for example, adult day health) and community support services (for example, peer supports).

Providers are listed in alphabetical order by last name. You can also find the provider’s name and the page where the provider’s additional contact information is in the Index at the end of the Directory. Providers are listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, for example, such as languages spoken or completion of cultural competence training.

If you are looking for a PCP, check the table of contents at the beginning of this book for the “Primary Care Provider” section. Go to that section and look for the internal medicine, family practice, or geriatrics, then choose a town near you. Providers are listed by specialty and county/town. You can choose any provider in the “Primary Care Provider” section to be your PCP, as long as they are accepting patients.

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.
