How to receive care:

With Select Care Silver Connector II, you can choose to get your care from doctors, specialists, hospitals and health care facilities in the Select Care network. Choosing a primary care provider (PCP)

Choosing a primary care provider (PCP)

Your relationship with your PCP is very important because he or she will work with Fallon to provide or arrange most of your care. As a member of Select Care Silver Connector, you must select a PCP. To do this, just complete the section on your Fallon membership enrollment form. If you need help choosing a PCP, please visit the “Find a Doctor” tool on fallonhealth.org or call Customer Service.

Obtaining specialty care

When you want to visit a specialist, talk with your PCP first. He or she will help arrange specialty care for you. The following services do not require a referral when you see a provider in the Select Care network: routine obstetrics/gynecology care, screening eye exams and behavioral health services. For more information on referral procedures for specialty services, consult your Select Care Member Handbook/Evidence of Coverage.

Emergency medical care

Emergency services do not require referral or authorization. When you have an emergency medical condition, you should go to the nearest emergency department or call your local emergency communications system (police, fire department or 911). For more information on emergency benefits and plan procedures for emergency services, consult your Select Care Member Handbook/Evidence of Coverage.

Plan specifics

<p>Benefit period</p> <p>The benefit period, sometimes referred to as a “benefit year,” is the 12-month span of plan coverage, and the time during which the deductible, out-of-pocket maximum and specific benefit maximums accumulate.</p>	Jan. 1 – Dec. 31
<p>Deductible</p> <p>A deductible is the amount of allowed charges you pay per benefit period before payment is made by the plan for certain covered services. The amount that is put toward your deductible is calculated based on the allowed charge or the provider’s actual charge—whichever is less.</p>	\$2,000 individual \$4,000 family
<p>Embedded deductible</p> <p>Please note that once any one member in a family accumulates \$2,000 of services that are subject to the family deductible, that individual member’s deductible is considered met, and that family member will receive benefits for covered services less any applicable copayments.</p>	\$2,000
<p>Deductible carryover</p> <p>Any deductible amount that is incurred by the member for services rendered during the last three months of the benefit period will be applied toward the deductible for the next benefit period. Deductible amounts are incurred as of the date of the service.</p>	Included
<p>Out-of-pocket maximum</p> <p>The out-of-pocket maximum is the total amount of deductible, coinsurance and copayments you are responsible for in a benefit period. The out-of-pocket maximum also does not include your premium charge or any amounts you pay for services that are not covered by the plan.</p>	\$8,150 individual \$16,300 family
