The Fallon difference

Community Care is a Limited Provider Network. With Community Care Silver Connector you get everything you need to live a healthy life. Your monthly premiums are reduced through the use of an annual deductible for certain services. Plus, you get:

- **A fitness reimbursement** of up to $150 that can be used for gym memberships at the gym of your choice with no limitations, streaming fitness programs, Peloton subscriptions, school and town sports fees, home fitness equipment, exercise classes, ski lift tickets, and more!
- **$0 copayments for routine physical exams** and other preventive services, including mammograms, cholesterol screenings and immunizations.
- **$0 copayments for routine annual eye exams.**
- **Pedi-Dental:** up to age 19 included.
- **Pedi-Glasses:** One designated set, once per calendar year.
- **Nurse Connect:** A free 24/7 nurse call line.
- **Telehealth:** Commercial members get 24/7 access to a national network of U.S. board-certified doctors to discuss non-emergency conditions by phone, mobile device or online.

How to receive care:

This plan provides access to a network that is smaller than Fallon’s Select Care provider network. In this plan, members have access to network benefits only from the providers in Community Care. Please consult the Community Care provider directory; a paper copy can be requested by calling Customer Service at 1-800-868-5200, or visit the provider search tool at fallonhealth.org to determine which providers are included in Community Care.

Choosing a primary care provider (PCP)

Your relationship with your PCP is very important because he or she will work with Fallon to provide or arrange most of your care. As a member of Community Care Silver Connector you must select a PCP. To do this, just complete the section on your Fallon membership enrollment form. If you need help choosing a PCP, please visit the “Find a Doctor” tool on fallonhealth.org or call Customer Service.

Obtaining specialty care

When you want to visit a specialist, talk with your PCP first. He or she will help arrange specialty care for you. The following services do not require a referral when you see a provider in the Community Care network: routine obstetrics/gynecology care, screening eye exams and behavioral health services. For more information on referral procedures for specialty services, consult your Community Care Member Handbook/Evidence of Coverage.

Emergency medical care

Emergency services do not require referral or authorization. When you have an emergency medical condition, you should go to the nearest emergency department or call your local emergency communications system (police, fire department or 911). For more information on emergency benefits and plan procedures for emergency services, consult your Community Care Member Handbook/Evidence of Coverage.
# Plan specifics

## Benefit period
The benefit period, sometimes referred to as a “benefit year,” is the 12-month span of plan coverage, and the time during which the deductible, out-of-pocket maximum and specific benefit maximums accumulate.

<table>
<thead>
<tr>
<th>Benefit period</th>
<th>Varieties by account</th>
</tr>
</thead>
</table>

## Deductible
A deductible is the amount of allowed charges you pay per benefit period before payment is made by the plan for certain covered services. The amount that is put toward your deductible is calculated based on the allowed charge or the provider's actual charge—whichever is less.

| Deductible | $2,000 individual  
$4,000 family |

## Embedded deductible
Please note that once any one member in a family accumulates $2,000 of services that are subject to the family deductible, that individual member’s deductible is considered met, and that family member will receive benefits for covered services less any applicable copayments.

| Embedded deductible | $2,000 |

## Deductible carryover
Any deductible amount that is incurred by the member for services rendered during the last three months of the benefit period will be applied toward the deductible for the next benefit period. Deductible amounts are incurred as of the date of the service.

| Deductible carryover | Included |

## Out-of-pocket maximum
The out-of-pocket maximum is the total amount of deductible, coinsurance and copayments you are responsible for in a benefit period. The out-of-pocket maximum also does not include your premium charge or any amounts you pay for services that are not covered by the plan.

| Out-of-pocket maximum | $8,550 individual  
$17,100 family |
