The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-800-868-5200 or visit www.fallonhealth.org/plandocs. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.fallonhealth.org/plandocs or call 1-800-868-5200 to request a copy.

### Important Questions

| What is the overall deductible? | $0 | See the Common Medical Events chart below for your costs for services this plan covers. |
| Are there services covered before you meet your deductible? | No. | This plan does not have a deductible. |
| Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan? | For covered services: $1,500/person or $3,000/family; For prescription drug coverage: $750/person or $1,500/family | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit? | Premiums, balance-billed charges, and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit. |
| Will you pay less if you use a network provider? | Yes. See www.fallonhealth.org/plandocs or call 1-800-868-5200 for a list of participating providers. | This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist? | Yes. | This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist. |
All **copayment** and **coinsurance** costs shown in this chart are either before or after your **deductible** has been met, if a **deductible** applies.
